Phillip Winston

301.980.7312 | phil.winston2@gmail.com I https://philw214.github.io/

I am a Web Developer with a background in audio production that keeps creativity and curiosity as driving forces in my life. I am someone who enthusiastically engages different technologies in the pursuit of innovation whether big or small, simple or complex.

Skills

Adobe Experience Manager (AEM) ● Javascript (jQuery, JSON, AJAX, Handlebars.js, Node.js) ● HTML5 ● CSS3(SCSS) ● Grunt/Gulp ● Git/Github ● Bootstrap ● Java ● Figma

Education

General Assembly, Washington, DC
Web Development Immersive

New York University
Bachelor of Music, Music Technology

Experience

Web Developer
The Nature Conservancy, Arlington, VA
2018 – Present

Iteratively develop TNC's flagship and international websites by building reusable, front-end components and custom coding solutions for the Conservancy's primary CMS platform (AEM) and its user base. Develop technical solutions for TNC's primary donation platform (Engaging Networks) in support of revenue generating initiatives for the organization.

Junior Web Developer
NJI Media, Alexandria, VA
2015 – 2017

Configured, built, and modified new and existing websites on the Drupal and Wordpress CMS platforms. Authored HTML, CSS, and Javascript to create the application presentation layer, with precise adherence to designs. Investigated and corrected errors in existing projects and features. Created Javascript and PHP code scripts to drive web sites, web based applications, and development support utilities.

Web Development Immersive Student
General Assembly, Washington, DC
March 2015 – June 2015

Full-stack web development program focused on common best practices in object-oriented programming, MVC frameworks and test-driven development. Developed a portfolio of individual and group projects.
