2011

Experience

Web Development Immersive Student
General Assembly, Washington, DC
March 2015 – June 2015

Full-stack web development program focused on common best practices in object-oriented programming, MVC frameworks and test-driven development. Developed a portfolio of individual and group projects.

Sales Associate
Middle C Music, Washington, DC
2013 – 2014

Consulted with clients on all aspects of printed music and instrument-related inquiries. Guided clients through the instrument rental and music lesson processes. Advised on billing policies as well as teacher and instrument selection. Maintained musical instruments to ensure optimal functionality. Delivered and installed equipment at client locations. Acted as point of contact between teachers, students, and parents. Various administrative responsibilities.

Audio QA Engineer
Audible.com, Newark, NJ
2011 - 2012

Provided quality assurance for synched audiobook and E-book files. Conducted comparative analyses of E-book and audiobook content. Ensured compliance with corporate quality standards prior to customer release. Employed critical editing skills and a high attention to detail for prompt identification and correction of errors on various audiobook platforms.
